Making a Difference

Two COPHP students shared their research at the Association for Prevention Teaching and Research this spring in Albuquerque.

Christina Yantsides (pictured, right) presented on geographic

clusters within Seattle where serious bicyclist injuries and fatalities occur. **Amy Tseng** (left) presented on why some Asian Counseling and Referral Service clients had positive physical and mental health outcomes while other clients did not. All of this was made possible by a relationship between COPHP clinical faculty member **Wayne Turnberg** (DEOHS), who is employed with the WA State Department of Health, and **John C. Scott**, President, Center for Public Service/Communications. The Center has a National Library of Medicine grant it has used to train COPHP students to add a GIS dimension to their capstone projects.

Around the Water Cooler

Stephen Gloyd (GH, HServ, Epi) was honored by colleagues and students this week as he stepped down after 9 years as Associate Chair of Education and Curriculum for the Department of Global Health. He'll continue to teach and mentor while working on an alumni initiative and Chinese university partnerships.
