CELEBRATION SPEAKER

ALEJANDRO VARELA, MPH, '06

2023 SPH Alumni of Impact Award Recipient

Alejandro Varela (he/him) is a writer based in New York. His fiction incorporates public health themes, particularly around the chronic stress of living in hierarchical society. Prior to his writing career, Varela worked as a cancer researcher at the Mount Sinai School of Medicine where he studied the screening behaviors of East Harlem residents. In conjunction with the University of Washington's (UW) International Training and Education Center for Health (I-TECH), he wrote HIV/AIDS-related training curriculum for the government workers of various ministries of health. Varela also taught policy advocacy and public health and film to graduate students at Brooklyn's Long Island University, focusing specifically on the value of narrative and the importance of community-led interventions. His debut novel, *The Town of Babylon* (2022), was published by Astra House and was a finalist for the National Book Award, as well as a nominee for the PEN America Open Book Award and the Aspen Literary Prize. His work has appeared in *The Point Magazine*, *Georgia Review*, *Boston Review*, *Harper's*, *The New Republic* and *The Offing*, among other outlets. Varela is an editor-at-large of *Apogee Journal*, a literary magazine that centers historically marginalized writers and artists. He has a Master of Public Health degree from the UW, where he was in the Community-Oriented Public Health Practice (COPHP) program.

OUTSTANDING TEACHING ASSISTANT AWARD

This award honors a teaching assistant who excels in facilitating student learning, demonstrates excellent teaching abilities, and provides important administrative assistance. The recipient in this category is knowledgeable and enthusiastic about subject material and excels in classroom communication, offering individual assistance to students as needed.

Jessie Seiler, Doctoral, Epidemiology

STUDENT COMMUNITY SERVICE AWARD

The recipient of this Student Community Service Award shows dedication and commitment to community service and volunteerism by building bridges between the School and the community. While being actively involved in a community service activity, the student contributes to and learns from the communities and individuals they serve.

Patience Jaman, Master's, Global Health

GILBERT S. OMENN AWARD FOR ACADEMIC EXCELLENCE

These prestigious School-wide honors are awarded to one doctoral student and one master's student, each nominated by their departments. The awards recognize outstanding achievement by graduate students in the School of Public Health who excel in scholarship and have demonstrated a commitment to the field of public health.

This booklet is not an official graduation list. While every effort is made to ensure accuracy, printing deadlines may result in the omission of some names and the inadvertent inclusion of others who have not completed graduation requirements as intended. This printed booklet should not be used to determine a student's academic or degree status.

The University's official registry for conferral degrees is the student's permanent record, maintained by the UW Office of Graduation and Academic Records.
