## Adult and Youth Cigarette Smoking Rates

■ Adults ■ Youth (grades 9-12)

Sources: Adult 1995 data are BRFSS data reported in *Morbidity and Mortality Weekly Report*, Nov. 8, 1996 (Table 1), [www.cdc.gov/mmwr/preview/mmwrhtml/00044328.htm](http://www.cdc.gov/mmwr/preview/mmwrhtml/00044328.htm). Adult 2000 data are BRFSS data reported in *Tobacco Control State Highlights 2002 Report*, [www.cdc.gov/tobacco/statehi/html\\_2002/state\\_highlights2002.htm](http://www.cdc.gov/tobacco/statehi/html_2002/state_highlights2002.htm). Youth 1995 (grades 9-12) are YRFSS data reported in *MMWR Youth Risk Behavior Surveillance—United States, 1995*, [www.cdc.gov/mmwr/preview/mmwrhtml/00043812.htm](http://www.cdc.gov/mmwr/preview/mmwrhtml/00043812.htm). Youth 2000 (grades 9-12) are YRFSS data reported in CDC's *Tobacco Control Program Guidelines and Data State Highlights 2002*, [www.cdc.gov/tobacco/statehi/html\\_2002/current\\_youthb.htm](http://www.cdc.gov/tobacco/statehi/html_2002/current_youthb.htm). Oregon adults: Oregon Behavioral Risk Factor Surveillance System, 1995 and 2000. Oregon youth: Oregon Public School Drug Use Survey (1996, 2000), Oregon Youth Risk Behavior Survey (1995, 2000), Oregon Healthy Teens Survey (2001).

### More Smoking Statistics

	Alaska	Idaho	Montana	Oregon	Washington	Wyoming	USA
<b>Smoking-attributable deaths, 1999 (per 100,000)</b>	289.6	254.5	294.7	278.6	284.9	318.6	295.5
<b>Smoking-attributable direct medical expenditures, 1998 (per capita)</b>	\$215	\$202	\$246	\$265	\$269	\$221	\$280

Sources: *Investment in Tobacco Control—State Highlights 2001*, [www.cdc.gov/tobacco/statehi/pdf\\_2001/2001statehighlights.pdf](http://www.cdc.gov/tobacco/statehi/pdf_2001/2001statehighlights.pdf). Another source of these data is the CDC database Smoking-attributable mortality, morbidity, and economic costs (SAMMEC): adult SAMMEC and maternal and child health (MCH), [www.cdc.gov/tobacco/sammecc](http://www.cdc.gov/tobacco/sammecc).
